July 1, 1981

The Honorable Bob Graham
Governor of Florida
Capitol
Tallahassee, Florida 32304

My dear Governor:

As Insurance Commissioner of the State of Florida, I am pleased to submit to you my Annual Report on Insurance in the State for the fiscal year July 1, 1980 to June 30, 1981 as provided for in Chapters 624.313 and 624.315, Florida Statutes. The figures in this Report reflect the financial condition and the importance of the insurance industry in our State. The statistics in this Report are compiled from the December 31, 1980 Annual Statements filed with this Department by insurance companies licensed in the State.

Respectfully submitted,

Bill Gunter

Metropolitan Life Insurance Company	02/81

Report By Insurance Commissioner Bill Gunter

During the 1980-81 fiscal year, Florida insurance consumers faced the same economic problems felt by the rest of the nation. The Department of Insurance was unusually active in carrying forward policies and programs to protect the insurance-buying public and to promote financial stability and maximum competition within the insurance industry.

Because inflation and other economic difficulties tend to create cost and availability problems for insurance consumers, the Department's regulatory and service functions are even more necessary during economically uncertain times. The complexity and magnitude of the insurance industry continued to increase during the past fiscal year, making the role of the Department as an enforcer of the public interest even more vital.

SUNSET

The approaching "sunset" of the Florida Insurance Code at the end of fiscal 1981-82 made it necessary for the Department to begin a sweeping review of our state's insurance laws during fiscal 1980-81.

No single item occupies a more significant place on the Department's legislative agenda than "sunset." Under the Sunset Law, the Insurance Code will expire unless the Legislature reenacts it before July 1, 1982. Florida consumers, the Insurance Department and the insurance industry will live under the laws which are adopted by the 1982 legislative session. The effectiveness of the Department literally hinges on the outcome of this process.

AUTO INSURANCE

Florida's no-fault law for automobile insurance has worked well. It has kept insurance costs from increasing as fast as the national average; it has reduced the volume of expensive and unnecessary litigation; it has speeded up settlements; and it has helped maintain competition within the industry.

During fiscal 1980-81, to promote further equity in auto insurance rates, I requested Florida's auto insurance companies to begin collecting their actuarial data on a county-by-county basis as of January 1, 1982. By having separate data for each of Florida's 67 counties, companies can more accurately and fairly compute the premiums they charge their customers.

Also during fiscal 1980-81, the Department carried out the provisions of Florida's "excess profits" law for auto insurance companies. We identified excess profits earned by various companies and ordered refunds or credits to policyholders.

Litigation instituted by insurance companies in fiscal 1980-81 challenging the constitutionality of this landmark law resulted in a Florida Supreme Court decision in July of 1981 which recognized the Department's authority to review excess profits and order refunds or credits to policyholders. In effect, the Court sanctioned the Department's review authority for 1978 and every year thereafter.

WORKERS' COMPENSATION

The excess profits test is scheduled to be applied to workers' compensation insurers beginning in 1982.

During fiscal 1980-81, our state's workers' compensation insurance program continued to reflect the improved climate created in large part by the 1979 "wage/loss" reforms enacted by the Legislature — including a more than 35 percent reduction in premium costs, a curtailment of frivolous benefits and an increase in the amount of benefit payments to truly injured workers.

While insurance rates have been falling, I am also interested in seeing that they are fair among the different employer classes in Florida. During fiscal 1980-81, I appointed a special 10-member Workers' Compensation Study Committee on Experience Rating and Payroll Limitation to investigate inequities in insurance rating.

We expect our workers' compensation initiatives to continue to improve Florida's program, which has already become a model for the nation.

OTHER 1980-81 HIGHLIGHTS

No written summary of reasonable length could cite every important action of the Department which directly affected consumers, the industry and the general public. Nevertheless, these were some of the significant developments of fiscal 1980-81:

— Progress was made toward developing a better way of measuring the investment income earnings of insurance companies. At workshops in Tampa and Miami, we explored ways of making sure policyholders enjoy the benefits of this increasingly important and recently dominant element of company profitability.

— Florida became the first state in the country to adopt comprehensive rules meeting voluntary federal standards for state regulation of the sale and substance of Medicare supplement (Medigap) insurance policies.

— We increased our involvement in the problem of sinkholes and related losses by investigating the Winter Park sinkhole disaster and its insurance ramifications by working to help insure passage of a law more clearly calling for sinkhole coverage and by recommending to the Board of Regents after careful consideration that a sinkhole research institute be established at one of Florida's campuses.

— We issued new rules to protect consumers when they consider replacing their existing life insurance policies. These new "replacement rules" require, among other things, that agents spell out clearly and concisely the coverages, costs, and benefits involved.

COMPANY SOLVENCY

Monitoring the financial stability of insurance companies doing business in Florida is an essential Department function. Companies are examined and audited regularly, enabling us to be closely aware of their financial condition. These procedures help us detect and, in many cases, correct financial problems before they become irreversible. These regulatory activities help give consumers confidence in the financial stability of the insurance companies writing business in Florida.

When serious problems are spotted during the Department's examinations, our Division of Rehabilitation and Liquidation becomes responsible for addressing them. During fiscal 1980-81, five companies were placed in receivership and nine companies were discharged. The Department, as receiver, paid $1,534,804 to 5,368 claimants of companies in receivership. Further, more than 9,200 Floridians received payments totalling $13,698,768 from the Florida Insurance Guaranty Association, Inc.

CONSUMER SERVICES

The Division of Consumer Services is charged with prompt, thorough, and courteous resolution of insurance consumer complaints and inquiries. Through intervention with companies, information services, consumer counseling, and other advisory services this Division provides essential assistance to Florida consumers. We believe consumers are entitled to make informed selections of the insurance they need based on a clear understanding of the product being sold. Our regulatory efforts in this Division are designed to make such choices possible.

Through service offices in 21 Florida communities, the Bureau of Field Operations of the Division handled more than 40,500 inquiries and recovered in excess of $22 million for policyholders during the past fiscal year.

The Division is also responsible for licensing and regulating the activities of Florida's approximately 68,500 insurance agents. In the past fiscal year, the Bureau of Licensing administered and graded 16,880 license examinations. Our policy is to vigorously enforce the statutes and rules pertaining to agents' activities, especially in order to protect consumers from unscrupulous practices.

In March of 1981, a new Bureau of Insurance Investigations was set up within the Division to complement the work of the Division of Insurance Fraud with field support and central coordination of cases.

The Division will continue to play an important role in a wide variety of consumer education, public awareness and assistance outreach programs in the months ahead.

INSURANCE FRAUD

The Division of Insurance Fraud continued to attract national attention during the past fiscal year for its success in fighting insurance fraud.

The Department has investigated more than 2,600 cases of suspected fraud and other violations of the law since 1977. As a result, there have been more than 295 prosecutions, 306 arrests and 210 convictions.

The nation's economic problems and Florida's population boom have increased the incidence of insurance crimes, but we are confident both the division and the new bureau, working with law enforcement officials, will be able to meet the challenge.

NATIONAL ORGANIZATIONS

During fiscal 1980-81, I continued my service representing Florida in several national organizations of state officials.

In August of 1981, I was elected president of the National Association of State Treasurers (NAST).

As a member of the Executive Committee of the National Association of Insurance Commissioners (NAIC), I serve as chairman of the Task Force on Profitability and Investment Income and as chairman of the Task Force on State and Federal Health Insurance Legislative Policies. I am also chairman of the Southeast Region (Zone II) of NAIC and vice chairman of the Task Force on Accounting Practices and Procedures.

My participation in NAIC and other national groups gives me and my staff interaction with other state officials, opening means of communication that keep us abreast of innovative ideas we can apply here in Florida. We also share our successful ideas with other states, which enhances Florida's role at the national level.

Division of State Fire Marshal

The following is a report of the Division of State Fire Marshal for the fiscal year July 1, 1980, through June 30, 1981.

The many and varied responsibilities of the Division are prescribed in Chapters 527, 552, 633 and 806, Florida Statutes. Those responsibilities are borne by the four bureaus and one section: Bureau of Fire Investigations, Bureau of Fire Prevention, Bureau of Fire Standards and Training, Bureau of Explosives and Fire Equipment and Section of Florida Fire Incident Reporting System.

The Division maintains seven field offices throughout the state and the State Fire College in Ocala from which the various prevention, investigation, enforcement and educational programs of the Division are carried out. The primary concerns of the Division are to assist all those concerned in the fire service to better serve the citizens of Florida in all areas of public safety and to promote a greater awareness among Floridians in all areas of fire prevention and fire protection.

BUREAU OF FIRE INVESTIGATIONS
FISCAL YEAR JULY 1980 - JUNE 1981

The Bureau of Fire Investigations has twenty-seven (27) field investigators assigned to seven (7) field offices throughout the state. The investigators have wide ranging backgrounds in fire service, law enforcement, military, and college criminology graduates. They are certified law enforcement officers with the Police Standards and Training Commission.

The primary objectives of the bureau are the investigation of fires and the suppression of arson. The success of this bureau is due directly to the combined efforts of the insurance industry, fire service and law enforcement agencies.

Arson continues to be a concern of the insurance industry, fire service and law enforcement. Requests for fire investigations increased 25% during the 1980-81 fiscal year over the 1979-80 fiscal year. The average dollar loss per arson case for the 1980-81 fiscal year exceeded $20,500, up from $17,300 per case in 1979-80. In 1973 it was less than $10,000. This indicates that the incidence of arson for profit in Florida, as in other states, is related at least in part to economic conditions; however, arson for profit has not been the only motive for arson. The bureau has uncovered evidence of other crimes such as murder, burglary and robbery during arson investigations.

The investigators continue their own education and training and at the same time provide training to other agencies with similar responsibilities. The bureau has conducted workshops and other training sessions for law enforcement, fire service, insurance industry and others throughout Florida. The highlight of training for the year was the 1980 Florida Arson Seminar. The seminar sponsored the top arson investigation specialists in the nation as speakers. Over 300 participants representing seven (7) states attended. Plans are under way for the 1981 seminar to be held in Orlando in October.

The Bureau of Fire Investigations is administering a $458,824.00 Law Enforcement Assistance Administration (LEAA) Arson Control Grant for a period of February 1980 - August 1981. The grant provides for an arson awareness program through television, radio and printed materials, improved laboratory facilities, and advanced investigator training and radio communications for field investigators. Only nine grants were awarded to state agencies nationwide. The bureau was very pleased to be a grantee.

FISCAL YEAR JULY 1980 — JUNE 1981

Cases Closed		*Arrests*	*Convictions*
Arson	546	137	68
Suspicious	196		
Accidental	410		
Undetermined	339		
TOTAL	1,491		

Requests for Fire Investigations

Citizens: Non-Owners	11 or	1%
Citizens: Owners	42 or	2%
County Officials	35 or	2%
Fire Departments	1,195 or	55%
Insurance Representatives	188 or	8%
Police Departments	83 or	4%
Sheriffs Departments	546 or	24%
Others	83 or	4%
TOTAL	2,183 or	100%

Section of Fire Incident Reporting System

The office of the Florida Fire Incident Reporting System was established on October 1, 1979. The purpose of the Florida Fire Incident Reporting System is to gather and analyze information on frequency, causes, spread and extinguishment of fires, on the number, nature, and causes of injuries and deaths resulting from fires, and on property losses. The Florida Fire Incident Reporting System has developed uniform data reporting methods through the use of standardized forms and National Fire Protection Association (NFPA) 901 "Uniform Coding for Fire Protection."

The FFIRS has two objectives: To assist county and local governments to upgrade their fire analysis capability and to obtain data which can be used to more accurately assess and subsequently combat the fire problem on a statewide basis.

A comprehensive FFIRS training package which provides instruction in completing the forms has been developed and is available on a local basis to all of Florida's fire departments. After a department has been trained on form completion, they will fill out incident and casualty reports as fires occur. They forward the completed forms to the State Fire Marshal's office where data is validated for input into the computer. Once the data is computerized, feedback reports are generated and forwarded to the fire departments that input the data. In addition a computer tape containing the aggregated statewide information is sent to the U.S. Fire Administration quarterly, to be included in the national fire data base.

By monitoring all fire reports at a central agency, the opportunity is provided to spot trends in fire causes and losses and equipment or structural component failure and other significant fire problems that are not apparent at the local department level. These problems can then be analyzed, documented and action taken as indicated by the data.

Training classes for FFIRS began on June 17, 1980. In fiscal year 1979-80 thirty-two (32) fire departments were trained. During fiscal year of 1980-81 an additional one hundred and ninety-two (192) fire departments were trained giving a statewide total of two hundred and twenty four (224) fire departments and five hundred and seventy eight (578) firefighters trained on FFIRS.

The two hundred and twenty-four fire departments that are currently participating in FFIRS and are submitting approximately seventeen thousand incidents per month. Of these thirty percent are fires. This thirty percent has already built a complete fire data base of over thirty two thousand fires that can be studied and analyzed to make Florida a more fire free state.

Our training program will continue in the 1981-82 fiscal year. Our plans call for a one hundred percent participation of all fire departments in FFIRS.

BUREAU OF FIRE PREVENTION

Duties and Responsibilities

The duties and responsibilities of the Bureau of Fire Prevention are set forth in Chapter 633, Florida Statutes, and Sections 402.305 and 315.302, Florida Statutes. These include the following:

a. Prevention of fires;
b. Storage, sale, use, keeping, manufacture, handling, transportation or other disposition of combustibles, flammables, crude petroleum or any of its products;
c. Installation and maintenance of fire alarm systems and fire extinguishing equipment;
d. Construction, maintenance and regulation of fire escapes;
e. The means and adequacy of exits from all buildings in event of fire;
f. Inspection of all buildings and equipment on premises within their jurisdiction and if it be found that any building or structure shall want for repairs, lack of sufficient fire escapes, alarm apparatus, fire extinguishing equipment, dilapidated condition or from any other cause be especially liable to fire, and which is situated so as to endanger life or property, or when they find combustible or explosive matter or flammable conditions dangerous to the safety of such building or to property and life, order same to be removed or remedied. This includes inspections of self-service gasoline stations and all state-owned and state-leased buildings at least annually; and other facilities as requested (which includes facilities required to be inspected by HRS annually);
g. Inspection of plans for new buildings or significant alterations to existing buildings. (EXCEPTION: The Department of General Services is charged with this responsibility for state-owned or state-leased property; however, this bureau is consistently called upon for help.) The service rendered by this bureau is of real value to the citizens as it saves much money to construct a building properly and not have to make corrections after being built;
h. Establish and maintain fire safety standards for inter-state transportation of radioactive materials; child care facilities and other type occupancies, including "uniform" fire safety standards for hospitals, nursing homes, correctional facilities, state-owned and state-leased buildings, migrant labor camps, elevators, public lodging establishments, public food-service establishments, residential child caring facilities and self-service gasoline stations;
i. Serve (through the Division Director and the State Fire Marshal) as the final administrative interpreting authority of the State's fire safety standards;
j. Serve as a "service bureau" for architects, engineers, fire protection officials and others. This includes serving as a central reference point and source of information, interpreting technical provisions, sponsoring symposiums, conferences, etc., on fire related matters;
k. Maintain comprehensive records, including copies of fire safety inspection reports of each state-owned and state-leased facility as well as public schools K-12, and other residential facilities as requested.

There are approximately 722 fire departments consisting of paid and volunteer personnel with which this office works very closely. Also, there is a close working relationship with building officials, city officials and insurance company representatives. All of the above-mentioned are working toward a common goal and that is the preservation of lives and property. The State Fire Marshal's Office works diligently assisting them in their fire safety endeavors and helping them to secure the correction of deficiencies when found. There are occasions when the local fire departments need our help with reference to specific situations and, therefore, they frequently rely on this office for assistance. When an inspection is made by this office, a representative of the local fire department is invited to accompany our deputy. This gives impetus to fire prevention and also gives the local fire department an opportunity to do some prefire planning.

The Bureau of Fire Prevention gives priority to the inspection of state-owned and state-leased properties where people are held against their will, such as prisons and mental institutions. The remaining state properties and private facilities are inspected as time and personnel permit. In addition, blueprints are frequently reviewed to ascertain their compliance with the applicable fire safety standards. A significant amount of time is spent in providing consultation services to architects, engineers, other professional people, and the general public (this service has proved to be exceptionally beneficial to all parties involved).

The following will provide some insight into the scope of activities for this bureau. Please bear in mind that this list is not all-inclusive.

Type Occupancy	*Estimated Number of Buildings*
Residential Group Child Care Facilities (Such as Sheriffs' Boys and Girls Villas)	85
Adult Congregate Living Facilities	725
Adult Foster Homes	860
Spouse Abuse Centers	15
Group Homes (Primarily Retarded)	16
Private Emergency Shelters	5
Family Day Care Homes (5 children or less)	1,064
Child Care Centers (6 or more children)	2,682
Correctional Facilities (jails, etc.)	209
1,980 School Centers K-12 (Est. 3.5 blgs. per center)	8,046
State-owned Buildings	9,071
State-leased Buildings	1,071
Self-Service Gasoline Stations	4,016
	27,865

At the present time we have fourteen (14) authorized positions for Fire Prevention Inspectors plus a Bureau Chief. The statistics for 1980 reflect that these men continue to surpass the set goals of the previous year. Please refer to the following table:

Fiscal Year	*Fire Safety Inspections of Buildings*
July '78 — June '79	10,508
July '79 — June '80	10,667
July '80 — June '81	11,759

It is important to note that records during the past several years show that an average of 208 deaths are caused by fire in Florida each year. It is also significant that the fire losses paid by insurance companies in Florida during the year 1980 amounted to $188,312,243.

As of June 30, 1980, the State of Florida provides insurance coverage for property valued at approximately $2,869,402,233.

Although statistics are impressive, it must be kept in mind that it is difficult to document the real value of fire prevention; for example, how can one point to "a life that was saved," or to "a building that was saved" from "a fire that never occurred"; i.e., one that was prevented!

Much progress was achieved during 1980 toward improving all programs within this bureau, with special emphasis on updating the state's Fire Safety Standards.

A highlight each year continues to be the Annual State-wide Fire Prevention Conference, which has earned an excellent reputation throughout the nation. Internationally known specialists in the fire service field attend and participate in the program. Those who have taken part in this achievement highly praise the educational value of this conference. Additional features of this conference include the announcement of "Fireman of the Year," "Volunteer Fireman of the Year," and "Inspector of the Year," who are chosen on a statewide basis.

Personnel employed as State Fire Prevention inspectors are professional fire protection specialists. The state requires one that has graduated from an accredited four year college or university with major course work in fire protection, or some other related field. In addition, a minimum of three years work experience in fire prevention is required. This experience must be specifically related to the activities of this office.

As pointed out herein, we now have 14 inspectors whereas over 42 are needed.

BUREAU OF FIRE STANDARDS AND TRAINING

The Bureau of Fire Standards and Training is the vehicle through which the vast fire service training and education responsibilities of the Division of State Fire Marshal are executed. The Bureau has the responsibility for functions relating to qualifications and standards for employment, training and education of fire fighters, certification of fire inspectors, administration of the fire service educational incentive program, curriculum development and submission of reports and recommendations to the Division of State Fire Marshal concerning the Improvement of Fire Service Training and Education.

The Bureau of Fire Standards and Training is subdivided into four (4) sections: Standards, Training, Curriculum Development, and Forensic Laboratory.

The Standards Section is responsible for the administration of the Florida fire fighters minimum standards training program. This section also reviews the pre-employment paperwork to ensure that the employment was within statutory limits, prepares and administers examinations covering both cognitive and psychomotor skills developed in the minimum standards curriculum, and certifies fire fighters, instructors, fire inspectors, and training centers.

Fire Standards Activities — Fiscal Year 1980-81

Examinations Administered	*1980-81*	*Total to Date*
Fire Fighter Minimum Standards	1,264	7,506
Equivalency	51	389
Instructor	213	650
Promotional	26	189
Volunteer Minimum Standards	803	1,143
Forestry Minimum Standards	60	422
Forestry Advanced	-0-	88
Re-examinations	38	350
TOTAL:	2,945	10,737

Certificates Issued	*1980-81*	*Total to Date*
Compliance	1,026	9,432
Completion	576	3,294
Competency	86	493
Instructor	211	1,607
TOTAL	1,899	14,826

The Training Section manages the Florida State Fire College. The Fire College offers courses of instruction and specialty seminars in all facets of fire prevention and suppression, both on campus in Ocala and through itinerant training courses conducted at fire departments throughout the state.

Fire College Activities — Fiscal Year 1980-81

	Number of Students	*Number Student Hours*
On-campus courses	1,587	48,388
Itinerant courses	1,764	29,227
Seminars	784	5,510
TOTAL	4,135	83,125

The Curriculum Coordinator is responsible for the development of uniform educational formats and audio-visual packages ensuring that behavioral objectives are identified and met, and that national standards are incorporated into our training material. The Coordinator is currently developing a career ladder curriculum for the State Fire Service. The career ladder concept establishes identified performance objectives at each level of the fire service and is presently 70% complete.

A Forensic Laboratory is also operated by the Bureau for the purpose of analyzing fire residue to identify if an accelerant is present. During the 1980-81 Fiscal Year, 1,031 cases involving 2,463 samples were analyzed by the laboratory staff. In Fiscal Year 1980-81 the Forensic Laboratory achieved an overall identification rate of 68.01%. The laboratory staff is also involved in research and development and in teaching courses for the Fire College. A current project is that of identifying minimum fire apparatus manning, using established models.

Professional consultations have been another extremely productive function of the Bureau of Fire Standards and Training. Through these consultations the need for Fire Ground Command and Advanced Fire Service Management courses has been identified.

As far as the Fire Ground Command course is concerned, a curriculum is presently being developed; however, curriculum for the Fire Service Management course has been developed and courses have been offered throughout the state.

BUREAU OF EXPLOSIVES AND FIRE EQUIPMENT

This Bureau is charged with the regulation of three major programs: explosive, fire equipment dealers, and fire protection system contractors. As the state regulatory agency for these programs, this Bureau must inspect each licensee, investigate the illegal use of explosives, investigate improper servicing of fire equipment and illegal actions of any fire protection system contractor.

The primary objective of the Bureau is to safeguard the lives and property of the citizens of Florida through the enforcement of laws and regulations regarding explosives and fire protection equipment.

Licenses Issued — Fiscal Year 1980-81

Explosive Licenses	431
Explosive Permits	571
Fire Equipment Licenses	231
Fire Equipment Permits	967
Fire Protection System Contractors	250
TOTAL	2,450

Examinations Processed

	Total Exams	*Passed*	*Failed*
Certificate Examinations	28	18	10
Explosive Examinations	187	102	85
Fire Equipment Examinations	451	249	202

Pursuant to Chapter 633, Florida Statutes, each fire equipment dealer and permit holder must be recertified every five year period; fire equipment permittees recertified: 434.

Other Activities

Fire Equipment Dealer Program

Inspection of Fire Equipment Facilities	163
Re-Inspection of Fire Equipment Facilities	65
Pre-License Investigations	41
Fire Equipment Dealer Complaints	293
Violations Issued	155
Administrative Fines	$1,500

Explosives Program

Inspection of Explosive Magazines	226
Investigation of Illegal Use of Explosives	27
Investigation of Complaints	73
Violations Issued	95
Administrative Fines	$9,100

Fire Protection System Contractor Program

Investigation of Complaints	9
Administrative Fines	$500

DIVISION OF LIQUEFIED PETROLEUM GAS

The Division of Liquefied Petroleum Gas is responsible for the administration and enforcement of Chapter 527, F.S., entitled "Sale of Liquefied Petroleum Gas." The division is charged by this statute to enforce laws and regulations in the interest of public safety where LP gas is stored, transported, distributed and utilized. The division's public responsibility for LP gas safety begins when the product enters the state borders and continues until the produce is safely consumed by the public.

Chapter 527, F.S., provides for state regulation of a highly technical and widely used commodity — liquefied petroleum gas. It is estimated that approximately 2½ million consumers use LP gas in Florida. The uniqueness of the characteristics of liquefied petroleum gas require a high level of expertise and special laws and regulations. The enforcement of the provisions of this law are essential for the public welfare for protection against loss of property, health and life by fire or explosions. The provisions of Chapter 527, F.S., insure that only competent persons engage in the business and that compliance with acceptable safety codes and standards are achieved.

Chapter 527, F.S., also provides for rule making by due process. Under this provision, the division adopts National Fire Protection Association pamphlets for safety. These national standard codes provide the safety guide for the storage, handling and utilization of liquefied petroleum gas, and enforcement of these codes is the responsibility of division safety engineers.

The division has been certified by the Federal Office of Pipeline Safety to enforce the Pipeline Safety Act as it applies to liquefied petroleum gas pipelines. This certification is unique, in that Florida is the only state granted this distinction. The pipeline safety program is financed on a 50/50 basis with the federal government. The division has been commended for the results of their efforts and accomplishments in this area of their responsibilities.

Personnel of the LP Gas Division organize and present safety seminars and workshops on subjects dealing with safe practices wherever LP gas is involved. They also serve local authorities as experts in the field of code interpretations and acceptable LP gas safety practices.

The division rules on the acceptability of proposed plans for the installation of bulk LP gas storage. The division engineers follow-up with on-site inspection of construction as to the safety devices required.

Those portions of the business community that benefit from the LP Gas Division activities include architects, plumbing contractors, pipeliners, LP gas appliance manufacturers, and appliance service centers, in addition to the LP gas dealers. The division is held in high esteem by the industries they regulate as well as the regulatory agencies with like responsibilities in other states.

There are approximately 2,500 licenses issued through the Division of Liquefied Petroleum Gas annually. License revenue is the prime source of the LP gas safety enforcement budget. There are 13 full-time and one part-time positions assigned to this division to serve the state. Engineers are located in West Palm Beach, Orlando, Tampa, Jacksonville and Tallahassee.

The division's goal is to bring about total LP gas safety in the State of Florida, for the users of liquefied petroleum gas and the protection of the public's health, safety and welfare.

Licenses Issued — Fiscal Year 1980-81

Type and Class	*Number Issued*
4-02 — Manufacturer of appliances and equipment for use of LP gas	12
6-01 — Dealer in LP gas, in appliances and equipment for use of such gas and installation	550
6-02 — Dealer in appliances and equipment for use of LP gas only	1,159
6-04 — Dealer in liquefied petroleum gas only	457
8-03 — Installation	440
TOTAL	2,618

The LP gas emergency control programs conducted by the division benefit other governing agencies, the High Patrol recruit training, the Florida Hotel and Motel Regulatory Agency and many local fire departments.

The division objective is to eliminate loss of life and property in all areas of LP gas activity and serve the public's interest by administering the laws to provide a safe, dependable and responsible LP gas service wherever needed.

Activities of LP Gas Division — Fiscal Year 1980-81

1. Bulk Plant Inspections and Re-inspections	720
2. Bottle Filler & Motor Fuel Dispensing Stations	471
3. Vehicle Inspections	388
4. Distribution Systems Inspections	693
5. Consumer Installations Inspections	1,264
6. Qualifying Exams Administered	438
7. Investigations — Accidents	131
8. Investigations — License Activities	283
9. Pre-License Investigations	338
10. Motor Home or RV Factory Installation Inspections	14
11. Appliance Inspections	88
12. Dealer Consultation or Technical Assistance	2,484
13. State, Co. or Local Agency Technical Assistance	376
14. Plans Reviewed	249
15. Complaints Handled	474
16. Safety Meetings	143

MUNICIPAL FIREFIGHTERS' PENSION TRUST FUND

and

POLICE OFFICERS' RETIREMENT TRUST FUND

The following amounts were allocated in 1981 to the cities participating under the above Trust Funds during the calendar year 1980:

MUNICIPAL FIREFIGHTERS' PENSION TRUST FUND

SUMMARY OF 1981 LEGISLATIVE ENACTMENTS WHICH DIRECTLY OR INDIRECTLY AFFECT THE INSURANCE INDUSTRY AND THE INSURING PUBLIC

81-4 (H.B. 279)—
Makes permanent the temporary Medical Malpractice Joint Underwriting Association. Also provides for sunset review in 1982.

81-39 (S.B. 672)—
Creates Part III of Chapter 637 to regulate dental service plan corporations previously covered in Chapter 641, Part I. The new legislation clarifies minimum working capital and requires persons soliciting dental plans to be licensed as disability insurance agents.

81-48 (S.B. 628)—
Provides for the funding of the Division of Insurance Fraud from a portion of the agents' state license tax.

81-70 (S.B. 128)—
Amends Section 633.31, Florida Statutes, specifying membership requirements, and terms for the Firefighters Standards and Training Council; amends 633.32 thereby providing for council meetings and organization; also reviews and readopts Sections 633.30(4), 633.31, 633.32 as amended and 633.33.

81-134 (C.S.S.B. 510)—
Creates Section 627.6676, Florida Statutes, which requires insurers writing group, blanket or franchise policies to continue coverage on certain persons. Also provides for payment of premiums and circumstances for termination.

Chapter 81-148 (C.S.H.B. 280)—
Amends Section 623.308, Florida Statutes, by providing an additional ground for the suspension or revocation of a license, requiring the maintenance of a minimum net worth and eliminating the maximum 18 month term of a warranty contract; also amends 634.312(3), Florida Statutes, with respect to the approval of forms subject to renewal and providing for review and repeal pursuant to the Regulatory Reform Act of 1976.

Chapter 81-205 (H.B. 1164)—
Amends Section 633.08(2), Florida Statutes, providing for renewal of fire safety inspector certificates; also amends Section 633.34(2), (5), Florida Statutes, providing qualifications for employment as a firefighter; also amends Section 633.35(1), (2), Florida Statutes, by prescribing the minimum number of hours for the firefighters training program and limiting the time during which an uncertified person may be employed; also creates Section 633.351, Florida Statutes, providing circumstances for the voiding of a certificate; also creates Section 633.353, Florida Statutes, thereby prohibiting falsifications of qualifications of employees; and also repeals Sections 633.36 and 633.38(3), Florida Statutes.

Chapter 81-225 (H.B. 157)—
Amends Section 718.111(9)(b) by requiring all hazard insurance policies to insure replacements of specified items of the individual units.

Chapter 81-253 (S.B. 652)—
Amends Section 627.7286 by prohibiting an insurer from cancelling the motor vehicle liability of a person operating a motor vehicle as a part of his employment as a firefighter or law enforcement officer.

Chapter 81-280 (H.B. 147)—
Amends Section 627.702(7), Florida Statutes, by providing an exception to the provision authorizing property insurers to repair or replace damaged property at their own expense and creates Section 627.706 thereby requiring property insurers to offer coverage for sinkhole losses.

Chapter 81-282 (C.S.H.B. 285 and 308)—
Repeals subsection (b) of Section 626.241, Florida Statutes, and amends subsection (7) of Section 626.241 by modifying the scope of examination of certain adjusters; also amends Section 626.869(1), Florida Statutes, by removing the restriction that only insurance company employees may obtain limited licenses as adjusters.

Chapter 81-287 (H.B. 324)—
An act relating to firefighters providing qualifications for supplemental compensation method for determining compensation, creation of special fund for the payment of supplemental compensation and administrative expenses and other related items.

Chapter 81-289 (C.S.H.B. 344 and 441)—
Amends Section 625.121 by changing the minimum standards for valuation of certain life insurance policies and annuity contracts, providing standards for interest rates used in determining such standards and changing provisions relating to the calculation of reserves for certain life insurance policies; also amends Section 627.458(1)(a) increasing the maximum allowable interest rate for loans made on certain life insurance policies; creates Section 627.4585 which sets the maximum interest rate on loans made with respect to life insurance policies issued on of after the act's effective date; amends Section 627.459, Florida Statutes, providing for interest rate figure for reinstatement; amends Section 627.476, Florida Statutes, changing nonforfeiture provisions for life insurance policies, providing for determination of cash surrender value of certain life policies, providing for calculations of adjusted premiums of new life insurance policies nonforfeiture net level premiums, adjusted premiums and present values, expense allowances, recalculated nonforfeiture net level premiums, and nonforfeiture interest rates, and providing for the operative date for such calculations, providing for the determination of minimum values in certain policies which provide for future premium determination, providing for determination of cash surrender values in certain policies and changing the types of policies exempt from nonforfeiture provisions.

INSURANCE DEPARTMENT SERVICE OFFICE OPERATIONS

The Insurance Department has in operation 21 Service Offices throughout the State in order to offer more efficient service to the public on the local level. During the fiscal year July 1, 1980 thru June 30, 1981, these Service Offices assisted Florida citizens on 37,225 claims, resulting in adjustments paid to claimants totaling $20,461,264. These Service Offices are located as follows:

Bradenton, Florida: 233 U.S. 301 Boulevard East
Brooksville, Florida: 26 West Broad Street
Daytona Beach, Florida: 125-B South Palmetto Avenue
Fort Lauderdale, Florida: 201 West Broward Boulevard, Suite 207
Fort Myers, Florida: 2365 West First Street
Fort Pierce, Florida: 1405 Orange Avenue
Gainesville, Florida: 4424 N.W. 13th Street, Suite B-11
Jacksonville, Florida: 111 Coastline Drive, East, Box 40
Key West, Florida: Public Service Building, Room 300, Wing 3, Stock Island
Lakeland, Florida: 118 East Pine Street
Live Oak, Florida: 314 North Ohio Avenue
Marianna, Florida: 219 South Green Street
Melbourne, Florida: 19 North Babcock Street
Miami, Florida: 750 Dade County Regional Service Center, 401 N.W. 2nd Avenue
Orlando, Florida: State Regional Service Center, Suite 401, 400 West Robinson Street
Panama City, Florida: 231 East Fourth Street
Pensacola, Florida: Suite 515, 5th Floor, 160 Governmental Center
St. Petersburg, Florida: 412 — 12th Avenue North
Tallahassee, Florida: Room 109, Parkway Office Center, 2003 Apalachee Parkway
Tampa, Florida: Hillsborough County Regional Service Center, Suite 809, 1313 North Tampa Street
West Palm Beach, Florida: 111 Georgia Avenue, Suite 209

July 1, 1982

The Honorable Bob Graham
Governor of Florida
Capitol
Tallahassee, Florida 32304

My dear Governor:

As Insurance Commissioner of the State of Florida, I am pleased to submit to you my Annual Report on Insurance in the State for the fiscal year July 1, 1981 to June 30, 1982 as provided for in Chapters 624.313 and 624.315, Florida Statutes. The figures in this Report reflect the financial condition and the importance of the insurance industry in our State. The statistics in this Report are compiled from the December 31, 1981 Annual Statements filed with this Department by insurance companies licensed in the State.

Respectfully submitted,

Bill Gunter

At June 30, 1982, a total of 1,324 insurance companies were licensed to do business in the State of Florida, consisting of 628 Fire, Casualty, Title or Surety companies, 660 Life companies, 35 Fraternal Benefit Societies, and 1 Hospital Service Corporation. Included in these are 97 Florida companies, consisting of 52 Fire, Casualty, Title or Surety companies, 44 Life companies, and 1 Hospital Service Corporation.

Listed below are the names of those insurance companies that were admitted to Florida during the fiscal year, those insurance companies that withdrew from Florida, those that were reinsured or merged with other companies, and those companies that changed corporate names during the period.

COMPANIES ADMITTED (Fire, Casualty, Surety and Title Insurers, and Reciprocal Exchanges)

AMIC Credit Insurance Company, Raleigh, North Carolina
(May 5, 1982)
American Municipal Bond Assurance Corporation, Milwaukee, Wisconsin
(July 20, 1981)
American Pioneer Casualty Insurance Company, Orlando, Florida
(March 2, 1982)
Atlas Mutual Insurance Company, Kansas City, Missouri
(February 10, 1982)
Celina Mutual Insurance Company, Celina, Ohio
(February 26, 1982)
Church Mutual Insurance Company, Merrill, Wisconsin
(December 4, 1981)
Classified Insurance Corporation, Waukesha, Wisconsin
(September 9, 1981)
Columbia Insurance Company, Omaha, Nebraska
(November 17, 1981)
Commercial Union Custom Insurance Company, Boston, Massachusetts
(July 21, 1981)
Fireman's Fund Insurance Company of Wisconsin, Wauwatosa, Wisconsin
(December 4, 1981)
Georgia American Insurance Company, Atlanta, Georgia
(April 30, 1982)
Gray Insurance Company, Metairie, Louisiana
(April 12, 1982)
Great Atlantic Insurance Company, New York, New York
(September 9, 1981)
Guarantee Title and Trust Company, Cincinnati, Ohio
(January 25, 1982)
Heritage Mutual Insurance Company, Sheboygan, Wisconsin
(January 7, 1982)
Horizon Insurance Company, North Bergen, New Jersey
(July 20, 1981)
INA Employers Insurance Company, Philadelphia, Pennsylvania
(April 12, 1982)
ITT Lyndon Property Insurance Company, St. Louis, Missouri
(November 6, 1981)
Investors Equity Insurance Company, Boston, Massachusetts
(August 19, 1981)
Lincoln National Health & Casualty Insurance Company, Ft. Wayne, Indiana
(June 1, 1982)
MIC General Insurance Corporation, Detroit, Michigan
(December 4, 1981)
MIC Property & Casualty Insurance Corporation, Detroit, Michigan
(January 18, 1982)
Nationwide Property & Casualty Insurance Company, Columbus, Ohio
(July 20, 1981)
Owners Insurance Company, Lansing, Michigan
(April 12, 1982)
Paxton National Insurance Company, Harrisburg, Pennsylvania
(August 19, 1981)
RGAF Underwriters, Ocala, Florida
(October 1, 1981)
State Capital Insurance Company, Raleigh, North Carolina
(September 11, 1981)
Ticor Indemnity Company, Los Angeles, California
(September 9, 1981)
Tower Insurance Company, Inc., Milwaukee, Wisconsin
(November 17, 1981)
Union Standard Insurance Company, Dallas, Texas
(February 26, 1982)
Universal Casualty Insurance Company, Coral Gables, Florida
(December 29, 1981)
Universal Title Insurance Company, Edina, Minnesota
(March 25, 1982)
Yorktown Indemnity Company, Schaumburg, Illinois
(February 12, 1982)

COMPANIES ADMITTED (Life and Fraternals)

Aetna Life Insurance Company of Illinois, Chicago, Illinois
(January 18, 1982)
American Liberty Life insurance Company, Baton Rouge, Louisiana
(May 7, 1982)
American Life Assurance Corporation, Montgomery, Alabama
(April 15, 1982)
Assurance Life Company, Kansas City, Missouri
(April 12, 1982)
BLC National Insurance Company, Des Moines, Iowa
(April 12, 1982)
C.M. Life Insurance Company, Hartford, Connecticut
(January 18, 1982)
CML Pension & Life Insurance Company, Hartford, Connecticut
(January 18, 1982)
Capitol Fidelity Life Insurance Company, Tallahassee, Florida
(November 17, 1981)
Century Life Insurance Company, Waverly, Iowa
(August 20, 1981)
Far[illegible] Service Life Insurance Company, Houston, Texas
([illegible]ember 6, 1981)
Fidelity Standard Life Insurance Company, Philadelphia, Pennsylvania
(November 17, 1981)
Fireman's Fund Life & Accident Insurance Company, San Rafael, California
(February 10, 1982)
Great Florida Life Insurance Company, Miami, Florida
(May 11, 1982)
Harvest Life Insurance Company, Middleburg Heights, Ohio
(December 17, 1981)
Homesteaders Life Company, Des Moines, Iowa
(July 20, 1981)
Hudson Life Reassurance Corporation, Sarasota, Florida
(July 28, 1981)
ITT Lyndon Life Insurance Company, St. Louis, Missouri
(November 6, 1981)
Indianapolis Life Pension & Insurance Company, Indianapolis, Indiana
(December 4, 1981)
MGIC Life Insurance Corporation, Milwaukee, Wisconsin
(November 6, 1981)
MONY Pension Insurance Corporation, New York, New York
(April 12, 1982)
National Health Insurance Company, Dallas, Texas
(April 30, 1982)
National Health & Welfare Mutual Life Insurance Association, New York, New York
(July 20, 1981)
National Motor Club Life & Accident Insurance Company, Dallas, Texas
(June 21, 1982)
New England Pension and Annuity Company, Boston, Massachusetts
(November 6, 1981)
Orange State Life & Health Insurance Company, Largo, Florida
(June 15, 1982)
Pan-American Assurance Company, New Orleans, Louisiana
(November 6, 1981)
Penn Diversified Insurance & Annuity Company, Philadelphia, Pennsylvania
(June 1,1982)
Penn Insurance and Annuity Company, Philadelphia, Pennsylvania
(November 6, 1981)
Pioneer Security Life Insurance Company, Houston, Texas
(December 11, 1981)
Pruco Life Insurance Company, Newark, New Jersey
(April 12, 1982)
Republic National Life Group Insurance Company, Waco, Texas
(December 4, 1981)
States General Life Insurance Company, Dallas, Texas
(November 17, 1981)
Superior Life Insurance Company, Florence, South Carolina
(November 6, 1981)
Travelers Life and Annuity Company, Hartford, Connecticut
(November 17, 1981)
Utica National Life Insurance Company, Utica, New York
(January 13, 1982)
Western Security Life Insurance Company, Phoneix, Arizona
(June 1, 1982)
Western-Southern Life Assurance Company, Cincinnati, Ohio
(July 20, 1981)

Withdrawals, Mergers, Changes of Name etc., All Companies

AMIC Commercial Insurance Company, Raleigh, North Carolina
(Changed name to "AMIC Guaranty Insurance Company", March 23, 1982)

American Variable Annuity Life Assurance Company, Worcester, Massachusetts (Changed name to "SMA Life Assurance Company", December 31, 1981)

Builders Title Insurance Company, Pensacola, Florida
(Voluntarily ceased business September 15, 1981. All business and liabilities reinsured by Pioneer National Title Insurance Company, Los Angeles, California)

Consumers National Life Insurance Company, Phoenix, Arizona
(Changed name to "MONY Life Insurance Company of America", December 18, 1981)

Contractor Surety Company, Fort Lauderdale, Florida
(Voluntarily surrendered Certificate of Authority, October 19, 1981)

Eastern Insurance Company, Jacksonville, Florida
(Placed in Liquidation, December 14, 1981)

Estate Life Insurance Company of America, Tampa, Florida
(Merged into Founders Life Assurance Company of Florida, Tampa, Florida, June 30, 1981)

Federal Assurance Company, Coral Gables, Florida
(Name changed to "Capital Assurance Company, Inc.", June 23, 1982)

Foundation Life Insurance Company of America, Chatham, New Jersey
(Company placed in Receivership, October 19, 1981)

General Accident Fire & Life Assurance Corporation, Ltd., Philadelphia, Pa. (Merged into Potomac Insurance Company, December 31, 1981, and Potomac Insurance Company changed its name to General Accident Insurance Company of America)

Geneva Life Insurance Company, Chicago, Illinois
(Merged into Globe Life Insurance Company, Chicago, Illinois, July 31, 1981)

Health Service, Inc., Chicago, Illinois
(Changed name to "BCS Life Insurance Company", May 26, 1982)

Household Insurance Company, Farmington Hills, Michigan
(Changed name to "Alexander Hamilton Insurance Company of America", June 9, 1981)

Insuramerica Corporation, Winnipeg, Manitoba, Canada
(Changed name to "Great-West Life & Annuity Insurance Company", February 16, 1982)

Investment Trust and Assurance Company, Phoenix, Arizona
(Changed name to "American Trustee Life Company of Arizona", April 21, 1982)

Kemper Investors Life Insurance Company, Los Angeles, California
(Merged into "Kemper Investors Life Insurance Company of Illinois", Chicago, Illinois, which simultaneously changed its name to "Kemper Investors Life Insurance Company", December 31, 1981)

Kenilworth Insurance Company, Chicago, Illinois
(Company placed in Receivership, April 22, 1982)

Lawyer's Title Guaranty Fund, Orlando, Florida
(Name changed to "Attorneys' Title Insurance Fund", July 1, 1982)

Manchester Life Insurance Company, St. Louis, Missouri
(Changed name to "Truman National Life Insurance Company", September 17, 1981)

Medical Indemnity of America, Inc., Chicago, Illinois
(Changed name to "BCS Insurance Company", June 8, 1982)

Mercantile and General Reinsurance Company, Ltd., Toronto, Canada
(Changed name to "Mercantile and General Reinsurance Company plc", August 7, 1981)

Northern National Life Insurance Company, Bismarck, North Dakota
(Changed name to "Manhattan National Life Insurance Company", January 1, 1982)

Occidental Life Insurance Company of California, Los Angeles, California
(Changed its name to "Transamerica Occidental Life Insurance Company", September 1, 1981)

Orange-State Life Insurance Company, Largo, Florida
(Changed name to "Home Life Financial Assurance Corporation", June 15, 1982)

Pennsylvania Mortgage Insurance Company, Blue Bell, Pennsylvania
(Changed name to "PAMICO Mortgage Insurance Company", June 23, 1981)

Potomac Insurance Company, Philadelphia, Pennsylvania
(Changed name to "General Accident Insurance Company of America", December 31, 1981)

Premier Insurance Company, San Francisco, California
(Changed name to "Transamerica Premier Insurance Company", July 1, 1981)

Proprietors' Insurance Company, Delaware, Ohio
(Surrendered Florida license July 31, 1981. Company placed in Receivership by Ohio Insurance Department same date)

Reliable Life and Casualty Company, Madison, Wisconsin
(Company taken over by Wisconsin Insurance Department, January 8, 1982)

Security Casualty Company, Chicago, Illinois
(Placed in Liquidation as of December 11, 1981)

Security Life and Accident Company, Denver, Colorado
(Changed name to "Security Life of Denver Insurance Company", July 15, 1981)

St. Paul Title Insurance Corporation, St. Paul, Minnesota
(Changed name to "First American Title Insurance Company of Mid-America", April 2, 1982)

Standard Life Insurance Company of Indiana, Indianapolis, Indiana
(Changed name to "INA Standard Life Insurance Company", January 1, 1982)

United Benefit Life Insurance Company, Omaha, Nebraska
(Changed name to "United of Omaha Life Insurance Company)", December 16, 1981)

Urban Community Insurance Company, New York, New York
(Changed name to "United Community Insurance Company", March 1, 1982)

Western Life Insurance Company of America, Rockford, Illinois
(Changed name to "MML Bay State Life Insurance Company", March 24, 1982)

Wisconsin Life Insurance Company, Madison, Wisconsin
(Merged into Central Life Assurance Company, Des Moines, Iowa, December 31, 1981)

Report By Insurance Commissioner Bill Gunter

Regulation of the insurance industry in Florida during fiscal 1981-82 took place in the context of two major events: (1) the amendment and re-enactment of Florida's insurance code by the Legislature pursuant to the Sunset Regulatory Act and (2) the prolongation of the normal bottoming out of the underwriting cycle as the result of the country's economic recession, high interest rates and heavy competition within, and from without, the traditional insurance industry.

The Department of Insurance was active in both areas. We provided technical assistance and guidance to the Legislature, particularly in advocating numerous statutory modernizations and reforms to assist the insurance-buying public; and we carried forward a vigorous program of balanced regulation to promote company solvency, to foster marketplace competition and to protect consumers from abuse.

SUNSET

On April 7, 1982, the Florida Legislature approved what I termed a "forward-looking compromise" to strengthen and re-enact the insurance code.

Of direct benefit to consumers, the Legislature preserved both the state's no-fault insurance law and the excess profits law for private passenger automobile insurance and workers' compensation insurance.

Other changes in the insurance code include: guaranteed catastrophic health insurance for all Floridians beginning July 1, 1983; greater rate review authority for the Insurance Department including the ability to define competition by rule and to measure the investment income earnings of auto insurers more accurately; a new agency licensing procedure to assist in the effort to weed out wrongdoing; improved educational requirements for certain insurance agents; biennial agent licensing to encourage greater efficiency and reduce wasteful paperwork; and an expansion of the ability of consumers to obtain settlements as the result of company actions which unfairly harm them.

Two important decisions on the part of the Florida Supreme Court occurred during fiscal 1981-82 which affected the Legislature's consideration of insurance issues. On November 9, 1981, the Court upheld an earlier decision turning back a challenge to the state's excess profits law; and on March 18, 1982, the Court upheld the constitutionality of the state's no-fault insurance law. These decisions helped prompt the Legislature to re-enact these important consumer statutes.

AUTO INSURANCE

More than 350 companies were actively engaged in selling auto insurance during fiscal 1981-82, bringing a high degree of competition to the marketplace. In addition to the matters cited previously, the population of the high-risk Joint Underwriting Association (JUA) continued to decline, premium increases in Florida continued to be less dramatic than those of most other states and the Department continued its efforts to require that insurance rates be calculated on the basis of more accurate actuarial data.

MEDICAL MALPRACTICE

Florida did not escape the financial crisis in medical malpractice insurance which has occurred across the country. In June, the Legislature approved a temporary measure negotiated by the Department, the Governor's Office and interested parties to stabilize the present system pending the formulation of a long-range plan. Prior to the enactment of this interim plan, I had appointed a Florida Medical Malpractice Insurance Task Force and charged it with the task of putting together a set of comprehensive, long-range recommendations. The Task Force schedule calls for submission of its suggested measures to the 1983 Legislature.

OTHER HIGHLIGHTS

Among the other significant developments of fiscal 1981-82 were:

— Continued reductions in workers' compensation insurance premiums as the result of Florida's wage/loss reforms, including a $156 million premium reduction announced in August of 1981 and a $40 million premium decrease effective in January of 1982.

— The establishment of a Florida Sinkhole Research Institute at the University of Central Florida which, when its funding arrangements have been finalized, will provide vital information to the public and to the insurance industry on the problem of sinkholes in Florida.

— The promulgation of tougher rules governing the sale of credit life insurance which promise to yield about $20 million in consumer savings during their first full year.

— The enactment by the Legislature, with support and encouragement from the Insurance Department, of a tougher drunk driving law aimed at discouraging offenders by providing for certainty of punishment.

— Pending the outcome of the Legislature's review of Florida's commercial bail bond system, the enactment of reforms in the present system to guard against abuses.

COMPANY SOLVENCY

Monitoring the financial condition of insurance companies doing business in Florida is one of the basic purposes of the Department. Insurers are examined and audited regularly, enabling us to be more closely aware of their financial stability. These procedures permit us to detect and, in many cases, correct financial problems before they become irreversible. Our activity, in turn, helps give consumers confidence in the financial soundness of companies doing business here.

When serious problems are identified during these Department examinations, our Division of Rehabilitation and Liquidation becomes responsible for addressing them. During fiscal 1981-82, eight companies were placed in receivership and nine companies were discharged. The

Department as receiver paid $112,930 to 254 claimants of companies in receivership. Further, more than 14,200 Floridians received payments totalling $10,393,640 from the Florida Insurance Guaranty Association, Inc.

The Department's solvency regulation is becoming increasingly important in light of the changing nature of the insurance industry itself in the 1980s.

CONSUMER SERVICES

The Division of Insurance Consumer Services has the responsibility for the prompt, thorough and courteous resolution of insurance consumer complaints and inquiries. By intervening with companies and providing information, counseling and advice to consumers, the Division provides essential assistance to the insurance-buying public.

We believe consumers are entitled to be able to make informed decisions regarding the insurance they need based on a clear understanding of the product being sold. As part of this commitment, we make available consumer booklets at no charge to the public. All of the Division's consumer assistance efforts are directed at the goal of promoting greater equality of knowledge between the seller and the buyer.

Through local service offices in 21 Florida communities, the Bureau of Field Operations of the Division handled more than 46,000 inquiries and was involved in the recovery of more than $28 million for policyholders during the past fiscal year.

The Division is also responsible for licensing and regulating the activities of Florida's more than 72,000 insurance agents. In the past year, the Bureau of Licensing administered and graded 18,913 license examinations.

Our policy is to enforce the laws energetically relating to agents' activities, especially in order to protect consumers from unethical practices. The Bureau of Investigations of the Division was created in March of 1981 to provide field support and central coordination of cases in carrying out this policy.

The Division will continue to play an active role in consumer education and public awareness programs in the months ahead. A new Consumer Awareness Program, for example, is providing valuable advice to persons who historically have been the victims of abuse in certain lines of insurance such as "Medigap" and "debit."

INSURANCE FRAUD

The Division of Insurance Fraud has received national attention for its work in fighting insurance fraud. It has investigated more than 3,100 cases of suspected fraud and other violations of the law since 1977. As a result, there have been more than 500 cases presented for prosecution, resulting in more than 500 arrests and over 340 convictions, with more than 100 cases awaiting trial as of the end of the fiscal year.

Florida's population growth and the nation's economic problems have increased the occurrence of insurance-related crimes, and the work of the Fraud Division is not likely to decline.

NATIONAL ORGANIZATIONS

During fiscal 1981-82, I continued my participation in several national organizations of state officials, representing Florida's interests, studying innovations tried in other states and taking part in the development of model laws aimed at improving the quality of insurance regulation here and across the country.

As a member of the Executive Committee of the National Association of Insurance Commissioners (NAIC), and as president of the National Association of State Treasurers (NAST), I have been able to interact with other state officials, opening means of communications which keep us abreast of new ideas we can apply here. At the same time, our sharing Florida's successes with officials in other states enhances Florida's role at the national level.

LOOKING AHEAD

The quality and effectiveness of state regulation of the insurance industry remain as important an issue in Florida as they ever have been. The insurance industry itself is undergoing changes — such as the convergence of financial services into new entities — which will require an increasingly sophisticated and diligent regulatory program in order to protect consumer interests.

Division of State Fire Marshal

The following is a report of the Division of State Fire Marshal for the fiscal year July 1, 1981, through June 30, 1982.

The many and varied responsibilities of the Division are prescribed in Chapters 552, 633 and 806, Florida Statutes. Those responsibilities are borne by four bureaus and one section: Bureau of Fire and Arson Investigation, Bureau of Fire Prevention, Bureau of Fire Standards and Training, Bureau of Explosives and Fire Equipment and Section of Florida Fire Incident Reporting System.

The Division maintains seven field offices throughout the state and the State Fire College in Ocala from which the various prevention, investigation, enforcement and educational programs of the Division are carried out. The primary concerns of the Division are to assist all those concerned in the fire service to better serve the citizens of Florida in all areas of public safety and to promote a greater awareness among Floridians in all areas of fire prevention and fire protection.

BUREAU OF FIRE AND ARSON INVESTIGATIONS
FISCAL YEAR JULY 1981 - JUNE 1982

The Bureau of Fire and Arson Investigations has twenty-seven (27) field investigators assigned to seven (7) field offices throughout the state. The investigators have wide ranging backgrounds in fire service, law enforcement, military and college criminology graduates. They are certified law enforcement officers with the Criminal Justice Standards and Training Commission.

The primary objectives of the bureau are the investigation of fires and the suppression of arson. The success of this bureau is due directly to the combined efforts of the insurance industry, fire service and law enforcement agencies.

Arson continues to be a concern of the insurance industry, fire service and law enforcement. Requests for fire investigations increased 15% during the 1981-82 fiscal year over the 1980-81 fiscal year. The average dollar loss per arson case for the 1981-82 fiscal year exceeded $29,000, up from $20,500 per case in 1980-81. In 1973 it was less than $10,000. This indicates that the incidence of arson for profit in Florida, as in other states, is related at least in part to economic conditions; however, arson for profit has not been the only motive for arson. The bureau has uncovered evidence of other crimes such as murder, burglary and robbery during arson investigations.

The investigators continue their own education and training and at the same time provide training to other agencies with similar responsibilities. The bureau has conducted workshops and other training sessions for law enforcement, fire service, insurance industry and others throughout Florida. The highlight of training for the year was the 1981 Florida Arson Seminar. The seminar sponsored the top arson investigation specialists in the nation as speakers. Plans are under way for the 1982 seminar to be held in Orlando, November 15 - 19.

FISCAL YEAR JULY 1981 - JUNE 1982

Cases Closed		*Arrests*	*Convictions*
Arson	1,024	259	131
Suspicious	249		
Accidental	510		
Undetermined	487		
TOTAL	2,270		

Requests for Fire Investigations

Citizens: Non-Owners	15 or	1%
Citizens: Owners	28 or	1%
County Officials	59 or	2%
Fire Departments	1,394 or	55%
Insurance Representatives	163 or	6%
Police Departments	192 or	8%
Sheriffs Departments	584 or	23%
Others	77 or	3%
TOTAL	2,512 or	100%

SECTION OF FIRE INCIDENT REPORTING SYSTEM
Fiscal Year July 1981 — June 1982

The Office of the Florida Fire Incident Reporting System was established on October 1, 1979. The purpose of the Florida Fire Incident Reporting System is to gather and analyze information on frequency, causes, spread and extinguishment of fires, on the number, nature, and causes of injuries and deaths resulting from fires, and on property losses. The Florida Fire Incident Reporting System has developed uniform data reporting methods through the use of standardized forms and National Fire Protection Association (NFPA) 901 "Uniform Coding for Fire Protection".

The FFIRS has two objectives: To assist county and local governments to upgrade their fire analysis capability and to obtain data which can be used to more accurately assess and subsequently combat the fire problem on a statewide basis.

A comprehensive FFIRS training package which provides instruction in completing the forms has been developed and is available on a local basis to all of Florida's fire departments. After a department has been trained on form completion, they will fill out incident and casualty reports as fires occur. They forward the completed forms to the State Fire Marshal's Office where data is validated for input into the computer. Once the data is computerized, feedback reports are generated and forwarded to the fire departments that input the data. In addition a computer tape containing the aggregated statewide information is sent to the U.S. Fire Administration quarterly to be included in the national fire data base.

By monitoring all fire reports at a central agency, the opportunity is provided to spot trends in fire causes and losses and equipment or structural component failure and other significant fire problems that are not apparent at the local department level. These problems can then be analyzed, documented and action taken as indicated by the data.

There are two hundred and fifty fire departments currently participating in FFIRS and are submitting approximately seventeen thousand incidents per month. Of these, thirty percent are fires. This thirty percent has already built a complete fire data base of over eighty two thousand fires that can be studied and analyzed to make Florida a more fire free state.

Our training program will continue in the 1982-83 Fiscal Year. Our plans call for a one hundred percent participation of all fire departments in FFIRS.

BUREAU OF FIRE PREVENTION

Duties and Responsibilities

The duties and responsibilities of the Bureau of Fire Prevention are set forth in Chapter 633, Florida Statutes, and Sections 393.067, 400.441, 402.305, and 526.141, Florida Statutes. These include the following:

a. Prevention of fires;

b. Storage, sale, use, keeping, manufacture, handling, transportation or other disposition of combustibles, flammables, crude petroleum or any of its products;

c. Installation and maintenance of fire alarm systems and fire extinguishing equipment;

d. Construction, maintenance and regulation of fire escapes;

e. The means and adequacy of exits from all buildings in the event of fire;

f. Inspection of all buildings and equipment on premises within their jurisdiction and if it be found that any building or structure shall want for repairs, lack of sufficient fire escapes, alarm apparatus, fire extinguishing equipment, dilapidated condition or from any other cause be especially liable to fire, and which is situated so as to endanger life or property, or when they find combustible or explosive matter or flammable conditions dangerous to the safety of such building or to property and life, order same to be removed or remedied. This includes inspections of self-service gasoline stations and all state-owned and state-leased buildings at least annually; and other facilities as requested (which includes facilities required to be inspected by HRS annually);

g. Inspection of plans for new buildings or significant alterations to existing buildings. (EXCEPTION: The Department of General Services is charged with this responsibility for state-owned or state-leased property; however, this bureau is consistently called upon for help.) The service rendered by this bureau is of real value to the citizens as it saves much money to construct a building properly and not have to make corrections after being built;

h. Establish and maintain fire safety standards for child care facilities, adult congregate living facilities, and other type occupancies, including "uniform" fire safety standards for hospitals, nursing homes, correctional facilities, state-owned and state-leased buildings, migrant labor camps, elevators, public lodging establishments, public food-service establishments, residential child caring facilities and self-service gasoline stations;

i. Serve (through the Division Director and the State Fire Marshal) as the final administrative interpreting authority of the State's fire safety standards;

j. Serve as a "service bureau" for architects, engineers, fire protection officials and others. This includes serving as a central reference point and source of information, interpreting technical provisions, sponsoring symposiums, conferences, etc., on fire related matters;

k. Maintain comprehensive records, including copies of fire safety inspection reports of each state-owned and state-leased facility as well as public schools K-12, and other residential facilities as requested.

There are approximately 700 fire departments consisting of paid and volunteer personnel with which this office works very closely. Also, there is a close working relationship with building officials, city officials and insurance company representatives. All of the above-mentioned are working toward a common goal and that is the preservation of lives and property. The State Fire Marshal's Office works diligently assisting them in their fire safety endeavors and helping them to secure the correction of deficiencies when found. There are occasions when the local fire departments need our help with reference to specific situations and, therefore, they frequently rely on this office for assistance. When a Fire Safety Survey is made by this office, a representative of the local fire department is invited to accompany our deputy. This gives impetus to fire prevention and also gives the local fire department an opportunity to do some prefire planning.

The Bureau of Fire Prevention gives priority to the inspection of state-owned and state-leased properties where people are held against their will, such as prisons and mental institutions. The remaining state properties and private facilities are inspected as time and personnel permits. In addition, blueprints are frequently reviewed to ascertain their compliance with the applicable fire safety standards. A significant amount of time is spent in providing consultation services to architects, engineers, other professional people, and the general public (this service has proved to be exceptionally beneficial to all parties involved.).

The following will provide some insight into the scope of activities for this bureau. Please bear in mind that this list is not all-inclusive.

Type Occupancy	*Estimated Number of Buildings*
Adult Day Care	38
Child Caring Facilities	107
Adult Congregate Living Facilities	755
Adult Foster Homes	765
Developmental Service Facilities	541
Child Care Centers (6 or more children)	3,243
Correctional Facilities (jails, etc.)	225
2,234 School Centers K-12 (Est. 4.0 bldgs. per center)	8,936
State-owned Buildings	9,218
State-leased Buildings	1,380
Self-Service Gasoline Stations	6,760
	31,968

At the present time we have fourteen (14) authorized positions for Fire Protection Specialists plus a Bureau Chief. The statistics for 1981 reflect that these men continue to surpass the set goals of the previous year.

Please refer to the following table:

Fiscal Year	*Fire Safety Inspections of Buildings*
July '79 — June '80	10,667
July '80 — June '81	11,759
July '81 — June '82	11,278

It is important to note that records during the past several years show that an average of 228 deaths are caused by fire in Florida each year. It is also significant that the fire losses paid by insurance companies in Florida during the year 1981 amounted in excess of 200 million dollars.

As of June 30, 1981, the State of Florida provides insurance coverage for property valued at approximately $3,250,538,960. Although statistics are impressive, it must be kept in mind that it is difficult to document the real value of fire prevention; for example, how can one point to "a life that was saved," or to "a building that was saved" from "a fire that never occurred"; i.e., one that was prevented!

A comprehensive employee orientation, indoctrination and training program was implemented; all State Fire Protection Specialists qualified as Certified Fire Inspectors, two professional development training sessions were attended by bureau personnel and several Fire Protection Specialists attended seminars, workshops and fire technology training programs that were conducted in their immediate territorial area.

A highlight each year continues to be the Annual State-wide Fire Prevention Conference, which has earned an excellent reputation throughout the nation. Internationally known specialists in the fire service field attend and participate in the program. Those who have taken part in this achievement highly praise the educational value of this conference. Additional features of this conference include the announcement of "Fireman of the Year," "Volunteer Fireman of the Year," and "Inspector of the Year," who are chosen on a state-wide basis.

Personnel employed as State Fire Protection Specialists are professionals. The state requires one that has graduated from an accredited four year college or university with major course work in fire protection, or some other related field. In addition, a minimum of three years work experience in fire prevention is required. This experience must be specifically related to activities of this office.

BUREAU OF FIRE STANDARDS AND TRAINING

The Bureau of Fire Standards and Training is the vehicle through which the vast fire service training and education responsibilities of the Division of State Fire Marshal are executed. The Bureau has the responsibility for functions relating to qualifications and standards for employment, training and education of firefighters, certification of fire inspectors, administration of the fire service educational incentive program, curriculum development and submission of reports and recommendations to the Division of State Fire Marshal concerning the improvement of Fire Service Training and Education. The Bureau has recently been given the responsibility of administrating the Fire Fighter Educational Incentive Program. As of July 1, 1982, there were over one thousand firefighters enrolled in the program. The total disbursement for educational incentive monies for Fiscal Year 1981-82 was $644,857.94.

The Bureau of Fire Standards and Training is subdivided into four (4) sections: Standards, Training, Curriculum Development, and Forensic Laboratory.

The Standards Section is responsible for the administration of the Florida firefighters minimum standards training program. This section also reviews the pre-employment paperwork to ensure that the employment was within statutory limits, prepares and administers examinations covering both cognitive and psychomotor skills developed in the minimum standards curriculum, and certifies firefighters, instructors, fire inspectors, and training centers.

Fire Standards Activities — Fiscal Year 1981-82

Examinations Administered	*1981-82*	*Total to Date*
Fire Fighter Minimum Standards	1,525	9,031
Equivalency	68	457
Instructor	82	732
Promotional	0	189
Volunteer Minimum Standards	1,088	2,231
Forestry Minimum Standards	108	530
Forestry Advanced	0	88
Re-examinations	58	408
TOTAL	2,929	13,666

Certificates Issued	*1981-82*	*Total to Date*
Compliance	965	10,348
Completion	781	4,075
Competency	0	493
Instructor	516	2,123
TOTAL	2,262	17,039

During Fiscal 1981-82 five new certification programs were initiated at the Fire College. As a result of these new programs, the Standards Section was given the responsibility of certifying Municipal Fire Inspectors, Department of Education Inspectors, Health and Rehabilitative Services Inspectors, Thirty-Hour Basic Volunteer Firefighter and Sixty-Hour Advanced Volunteer Firefighter.

Examinations Administered	
Municipal	501
Department of Education	112
Health & Rehabilitative Services	28
*Volunteer Minimum Standards	2,231

Certificates Issued	
Municipal	436
Department of Education	76
Health & Rehabilitative Services	25
*30-Hour Basic Volunteer	1,849
*60-Hour Advanced Volunteer	48

*Statistics reflect part of Fiscal Year 1980-81

In reviewing the Standards Section's activities for Fiscal Year 1981-82, we find that the section administered three thousand five hundred and thirty-four tests and issued three thousand and sixty-three certificates.

The Training Section manages the Florida State Fire College. The Fire College offers courses of instruction and specialty seminars in all facets of fire prevention and suppression, both on campus in Ocala and through training courses conducted at fire departments throughout the State.

Fire College Activities — Fiscal Year 1981-82

	Number of Students	*Number Student Hours*
On-Campus Courses	1,286	48,650
Courses held throughout State	1,881	35,896
Seminars	488	3,921
TOTAL	3,655	88,467

The Curriculum Coordinator is responsible for the development of uniform educational formats and audiovisual packages ensuring that behavioral objectives are identified and met, and that national standards are incorporated into our training material. The curriculum for the Fire Officer I Certification Program has been established, and very shortly the training package will be available to the fire service throughout the State.

A Forensic Laboratory is also operated by the Bureau for the purpose of analyzing fire residue to identify if an accelerant is present. During the 1981-82 Fiscal Year, 1,156 cases involving 3,321 samples were analyzed by the laboratory staff. In Fiscal Year 1981-82 the Forensic Laboratory achieved an overall identification rate of 68.01%. The laboratory staff is also involved in research and development and in teaching courses for the Fire College.

Professional consultations have been another extremely productive function of the Bureau of Fire Standards and Training. The Bureau is about to complete the Manning Study which it has been conducting for the past two years. A final report is expected by early October 1982.

BUREAU OF EXPLOSIVES AND FIRE EQUIPMENT

This Bureau is charged with the regulation of three major programs: explosives, fire equipment dealers, and fire protection system contractors. As the state regulatory agency for these programs, this Bureau must inspect each licensee, investigate the illegal use of explosives, investigate improper servicing of fire equipment and illegal actions of any fire protection system contractor. The primary objective of the Bureau is to safeguard the lives and property of the citizens of Florida through the enforcement of laws and regulations regarding explosives and fire protection equipment.

Licenses Issued — Fiscal Year 1981-82

Explosive Licenses (All Classes)	390
Explosive Permits	623
Fire Equipment Licenses (All Classes)	244
Fire Equipment Permits (All Classes)	940
Fire Protection System Contractors (All Classes)	254
TOTAL	2,451

Examinations Processed:	
Explosives (All Classes)	161
Fire Equipment (All Classes)	470
Fire Protection System Contractors (All Classes)	44
Total Examinations	675

Pursuant to Chapter 633, Florida Statutes, each fire equipment dealer and permit holder must be recertified every five year period, fire equipment permittees recertified: 434

Other Activities — Fiscal Year 1981-82

Explosive Program:	
Inspection of Explosive Magazines	184
Storage Magazine Violations	61
Investigation of Illegal Use of Explosives	31
Investigation of Complaints	49
Violations Issued	39
Cases Filed with Legal Department	6
Cases Pending	3
Administrative Fines Paid	$1,600
Fire Equipment Program:	
Inspection of Dealer Facilities	222
Re-Inspection of Dealer Facilities	102
Pre-License Investigations	66
Fire Equipment Dealer Complaints	288
Violations Issued	169
Cases Filed with Legal Department	9
Cases Pending	4
Cease and Desist Orders Issued	2
Fire Protection System Contractor Program:	
Investigation of Complaints	6

DIVISION OF LIQUEFIED PETROLEUM GAS

The Division of Liquefied Petroleum Gas is responsible for the administration and enforcement of Chapter 527, F.S., entitled "Sale of Liquefied Petroleum Gas." The division is charged by this statute to enforce laws and regulations in the interest of public safety where LP gas is stored, transported, distributed and utilized. The division's public responsibility for LP gas safety begins when the product enters the state borders and continues until the product is safely consumed by the public.

Chapter 527, F.S., provides for state regulation of a highly technical and widely used commodity — liquefied petroleum gas. The unique characteristics of liquefied petroleum gas require a high level of expertise and special laws and regulations. The enforcement of the provisions of this law are essential for the public welfare for protection against loss of property, health and life by fire or explosions. The provisions of Chapter 527, F.S., insure that only competent persons engage in the business and that compliance with acceptable safety codes and standards are achieved.

Chapter 527, F.S., also provides for rule making by due process. Under this provision, the division adopts National Fire Protection Association pamphlets for safety. These national standard codes provide the safety guide for the storage, handling and utilization of liquefied petroleum gas, and enforcement of these codes is the responsibility of division safety engineers.

The division has been certified by the Federal Office of Pipeline Safety to enforce the Pipeline Safety Act as it applies to liquefied petroleum gas pipelines. The pipeline safety program is financed on a 50/50 basis with the federal government. The division has been commended for the results of their efforts and accomplishments in this area of their responsibilities.

Personnel of the LP Gas Division organize and present safety seminars and workshops on subjects dealing with safe practices wherever LP gas is involved. They also serve local authorities as experts in the field of code interpretations and acceptable LP gas safety practices.

The division rules on the acceptability of proposed plans for the installation of bulk LP gas storage. The division engineers follow-up with on-site inspection of construction as to the safety devices required.

Those portions of the business community that benefit from the LP Gas Division activities include architects, plumbing contractors, pipeliners, LP gas appliance manufacturers, and appliance service centers, in addition to the LP gas dealers. The division is held in high esteem by the industries they regulate as well as regulatory agencies with like responsibilities in other states.

There are over 2,500 licenses issued through the Division of Liquefied Petroleum Gas annually. License revenue is the prime source of the LP gas safety enforcement budget. There are 13 full-time and one part-time positions assigned to this division to serve the state. Engineers are located in West Palm Beach, Orlando, Tampa, Jacksonville and Tallahassee.

The division's responsibility is to promote LP gas safety in the State of Florida for the protection of the public's health, safety and welfare.

Licenses Issued — Fiscal Year 1981-82

Type and Class	*Number Issued*
4-02 — Manufacturer of appliances and equipment for use of LP gas	8
6-01 — Dealer in LP gas, in appliances and in equipment for use of such gas and installation	533
6-02 — Dealer in appliances and equipment for use of LP gas	1,153
6-03 — Installation of carburetion equipment	11
6-04 — Dealer in LP gas	436
8-03 — Installation of appliances and equipment	425
TOTAL	2,566

* * * * * * *

Activities of LP Gas Division — Fiscal Year 1981-82

1. Bulk Plant Inspections & Reinspections	676
2. Bottle Filler & Motor Fuel Dispensing Stations Inspections & Reinspections	589
3. Vehicle Inspections	247
4. Distribution Systems Inspections & Reinspections	791
5. Motor Home or RV Factory Installation Inspections	13
6. Appliance Inspections	158
7. Consumer Installations Inspections	1,850
8. Pre-license Inspections	486
9. Accident Investigations and Follow-ups	153
10. Licensee Investigations	292
11. Dealer Consultation or Technical Assistance	2,455
12. State, County or Local Agency Technical Assistance	450
13. Plans Reviewed	150
14. Qualifying Exams Administered	625
15. Complaints Handled	587
16. Safety Meetings	124

MUNICIPAL FIREFIGHTERS' PENSION TRUST FUND
and
POLICE OFFICERS' RETIREMENT TRUST FUND

The following amounts were allocated in 1982 to the cities participating under the above Trust Funds during the calendar year 1981:

SUMMARY OF 1982 LEGISLATIVE ENACTMENTS WHICH DIRECTLY OR INDIRECTLY AFFECT THE INSURANCE INDUSTRY AND THE INSURING PUBLIC

82-175 (H.B. 1137)—

This law fulfills the requirement for "sunset" review of Chapter 648, F.S., dealing with bail and bail bondsmen. This bill institutes significant changes in definitions, licensing requirements, annual reporting requirements, business practices, collateral requirements, and revocation of license procedures contained in Chapter 648. Other revisions include amendments to Chapter 903, F.S., allowing courts to accept deposit of monetary bond if Chapter 648 sunsets in 1984; providing new procedures for forfeiture of bail; and setting a requirement for minimum bail in certain cases. This bill also creates a Commission on Bail Bond Report and schedules the repeal of Chapter 648 on October 1, 1984 under the Regulatory Reform Act, Section 11.61, F.S., unless it is reenacted before that date.

82-189 (H.B. 1144)—

This law amends Section 633.081(2), F.S., by stipulating that any fire safety inspections required by law must be performed by an individual who has met the fire safety inspection and certification requirement of the State Fire Marshal for the specific type occupancy he inspects. Inservice company inspections must be conducted in such a manner that at least one individual in the company has met the inservice fire safety inspection requirement.

Section two of this bill amends Section 633.382(5)(b), F.S., by stipulating that payment of supplemental compensation to individual firefighters be accomplished through warrants issued to the employing agencies to distribute through their payroll systems.

Section three adds paragraph (2) to Section 633.45(1), F.S., thereby establishing the Fire College Publications Revolving Trust Fund; amends Section 633.46, F.S., by providing for the deposit into this trust fund of training fees collected by the Division of the State Fire Marshal, and creates Section 633.461, F.S., specifying the allocation of funds from the trust fund for purchase of training materials.

82-233 (S.B. 1-F)—

The regulation of automobile clubs under Chapter 649, F.S., is "sunset" or repealed by this law. It also creates Section 624.21, F.S., which exempts automobile clubs providing specific services from the insurer regulations of the insurance code. These services include towing, group coverage for bail and arrest bonds or for accidental death and dismemberment, emergency road service, prepaid legal service or reimbursement for prepaid legal service, assistance in locating or recovering stolen or missing motor vehicles, and payment of a motor vehicle owner's emergency living and transportation expenses when his or her vehicle is damaged. Prepaid legal services are not exempt from the provisions of Chapter 642, F.S., Prepaid Legal Services Plans.

82-234 (S.B. 2-F)—

This law amends Chapter 634, Part I, F.S., which deals with automobile warranty associations. This bill redefines Chapter 634, Part I, as dealing with "Motor Vehicle Service Agreement Companies." Other changes include deleting language referring to defects in material or workmanship; providing a more restrictive definition of premium; requiring companies to keep their assets in the United States; requiring companies to maintain unearned premium reserve equal to a minimum of 50 percent of the gross written permium on each service agreement, and requiring that this reserve be amortized on a pro rata basis over the life of the service agreement. In addition, statistical reporting requirements are imposed on companies; companies are required to notify potential customers that the sale or financing of a motor vehicle is not dependent upon purchase of a service agreement; service agreements are designated assignable to subsequent retail purchasers for the life of the agreement; provision is made for licensing companies and registering salesmen on a biennial basis; and a civil remedy is provided for persons damaged by a violation of Chapter 634, Part I. Provision is also made for the Department of Insurance to request a court order or other relief if grounds for rehabilitation, liquidation, or other specified circumstances exist. In the event an order is entered against a company, the department is given the same powers which it has when an insurance company becomes delinquent.

Chapter 634, Part I, will be repealed on October 1, 1992 unless reenacted prior to that date pursuant to the Regulatory Reform Act, Section 11.61, F.S.

82-235 (S.B. 3-F)—

This law amends Sections 626.9541(15) and (17), F.S., to create additional exceptions to the prohibition against conducting certain insurance transactions through credit card facilities. Current exceptions to this prohibition cover health, credit life and credit disability insurance. This bill allows licensed agents or insurers to use credit card organizations to insure credit card holders under the following conditions. The policy must be non-cancellable except by the insured, the policyholder or the insurer. Any refund or unearned premium must be made directly to the credit card holder. The insurance transaction must be authorized by the signature of the credit card holder or person authorized to sign on the credit card account. These requirements are also applied to the current exceptions and an additional exception created for credit property insurance.

The exception provided by this bill does not apply to the use of credit card facilities for selling insurance in conjunction with automobile club membership.

82-236 (S.B. 4-F)—

This law amends 768.54, F.S., which regulates the Florida Patient's Compensation Fund (PCF), in the following manner. The amount of a fund member's liability, which is presently $100,000 per claim, will be increased to $150,000 per claim on July 1, 1983, $200,000 on July 1, 1986 and $250,000 on July 1, 1989. The PCF will offer limited liability coverage of $5,000,000 and $10,000,000. The bill specifies that the fund is not liable for punitive damages awarded for negligence of a health care provider. The Department of Health and Rehabilitative Services' authority to make certain determinations concerning the fund is eliminated. The authorized number of geographical areas on which fees are based is increased from two to three, and these areas do not necessarily have to be contiguous. In addition, the number of practice categories used for rating is raised from three to five. The PCF is also authorized to adjust fees of individual members to reflect that member's claims experience, and the $15,000,000 limitation on the amount of money that can be maintained by the fund is eliminated. Borrowing funds from one fiscal year's account to another is authorized if necessary to pay claims for a given fiscal year, and the maximum member assessment for any one year may be increased from one to two times the fees for the year giving rise to the assessment. A risk management program is required of all institutional members of the PCF.

Section 768.54, F.S., will be repealed on October 1, 1992 unless reenacted prior to that date pursuant to the Regulatory Reform Act, Section 11.61, F.S.

82-243 (H.B. 4-F)—

This law reenacts and revises the Florida Insurance Code pursuant to the Regulatory Reform Act, Section 11.61, F.S. Many of the revisions are technical and editorial in nature and bring the insurance code up to date.

Major substantive changes include providing a civil remedy for a person damaged by certain unfair trade practices committed by an insurer; requiring the public counsel to represent the public with regard to prior approved rate areas; and requiring reporting and analysis of statistical data on the performance of the Florida insurance industry.

Rating revisions include amending the rate review process for automobile insurance to take into account the time value of policyholders' money and to prohibit insurance companies from filing rate changes in rapid succession before previous rate filings have been reviewed by the Department of Insurance; amending general property and casualty rate standards to require the department to define a test for adequate rate making competition; and specifying the factors to be considered in determining if actual health insurance benefits are reasonable in relationship to the benefits offered.

Group insurance definitions and requirements are liberalized to lessen government regulation and enhance industry competition.

Health insurance revisions include requiring that, beginning July 1, 1983, comprehensive health coverage be available for all citizens; guaranteeing the right of persons transferring from group to individual policies to purchase equal coverage; requiring companies to offer health insurance policies with coinsurance clauses; stipulating that mental health coverage be available on applications, raising its benefit levels, and liberalizing its authorized treatment; and authorizing drug dependency treatment in addition to treatment for alcoholism.

Auto insurance revisions include requiring that optional excess uninsured motorist coverage be made available; bringing government vehicles under no-fault; raising funeral benefits to $1750; reducing deductibles to $2000; and exempting no-fault from sunset review.

Other general provisions include permitting insurers to insert non-joinder clauses in contracts; allowing the creation of captive insurance companies and limited reciprocal insurers; and permitting mutualization of Blue Cross/Blue Shield.

82-386 (H.B. 10-G)—

This law contains technical corrections to, and clarifications of, sections of law which were contained in, or affected by, House Bill 4-F.

82-391 (H.B. 61-H)—

This law amends Section 627.351, F.S., to require the Florida Medical Malpractice Joint Underwriting Association to provide protection to members of the Florida Patient's Compensation Fund which will cover the amount of any deficit assessments issued by the fund against a member for the 1982-1983 fiscal year. The charge for such protection cannot exceed one-third of the membership fee charged the member by the fund. Section 768.54, F.S., is amended to eliminate the unlimited liability of the Patient's Compensation Fund by providing that fund members select maximum coverage of either $1 million, $2 million, $3 million, $5 million, $8 million or $10 million per claim. The fund is required to establish fees which may be paid on an annual, semi-annual or quarterly basis rather than only on an annual basis.

This law also creates the Medical Malpractice Insurance Advisory Council to the Department of Insurance. The purpose of the council is to act in an advisory capacity to the department in matters relating to medical malpractice insurance, the Florida Patient's Compensation Fund, and the Florida Medical Malpractice Joint Underwriting Association, and to recommend needed changes in related laws and rules.

INSURANCE DEPARTMENT SERVICE OFFICE OPERATIONS

The Insurance Department has in operation 21 Service Offices throughout the State in order to offer more efficient service to the public on the local level. During the fiscal year July 1, 1981 thru June 30, 1982, these Service Offices assisted Florida citizens on 46,983 claims, resulting in adjustments paid to claimants totaling $28,038,424.00. These Service Offices are located as follows:

Bradenton, Florida: 233 U.S. 301 Boulevard East
Brooksville, Florida: 26 West Broad Street
Daytona Beach, Florida: 125-B South Palmetto Avenue
Fort Lauderdale, Florida: 201 West Broward Boulevard, Suite 207
Fort Myers, Florida: 2365 West First Street
Fort Pierce, Florida: 1405 Orange Avenue
Gainesville, Florida: 4424 N.W. 13th Street, Suite B-11
Jacksonville, Florida: 111 Coastline Drive, East, Box 40
Key West, Florida: Public Service Building, Room 300, Wing 3, Stock Island
Lakeland, Florida: 118 East Pine Street
Live Oak, Florida: 314 North Ohio Avenue
Marianna, Florida: 219 South Green Street
Melbourne, Florida: 19 North Babcock Street
Miami, Florida: 750 Dade County Regional Service Center, 401 N.W. 2nd Avenue
Orlando, Florida: State Regional Service Center, Suite 401, 400 West Robinson Street
Panama City, Florida: 231 East Fourth Street
Pensacola, Florida: Suite 515, 5th Floor, 160 Governmental Center
St. Petersburg, Florida: 412 — 12th Avenue North
Tallahassee, Florida: Room 109, Parkway Office Center, 2003 Apalachee Parkway
Tampa, Florida: Hillsborough County Regional Service Center, Suite 809, 1313 North Tampa Street
West Palm Beach, Florida: 111 Georgia Avenue, Suite 209
